#### New Publications.

This Day published, Second Edition of REYNOLDS' GREATEST WORK, RENNETH, a Romance of the Highlands. Beautifully illustrated from the English edition. By G. W. M. Reynolds, author of Mysteries of the "Court of Naples," Court of London," &c., with numerous engravings.

There has never been a more successful laborer in the fruitful field of Scottish Romance, than our Author. The wild and fearful superstations of the Highlands are depicted with terrible force, yet clothed in all the fascination and attractiveness of Reynold's unrivaled style. [Spectator. The Legends of Scotland have never found a more powerful delineator than ear Author; and "Kenneth," which in style is worthy of Sir Walter Scott, and in incident and interest rivals the celebrated "Scottish Chiefs," will take

CLASS BOOK OF CHEMISTRY) in which the principles of the Science are fundinarly explained and applied to the Aris, Agriculture, Physiology, Dieteics, Ventulation, and the most important phenomena of nature, designed for the use of Academies and Schools, and for popular reading, by Edward L. Youmans, author of a new Chart of Chemistry, I vol. 12no., 75 cents. This work is designed as a popular introduction to the study of Chemistry. It aims to present the subject in such a manner as to win the attention and espace the interest of beariners, and is especially adapted to the wants of that large class, both in and out of school, who would like to know something of this interesting science, but have neither letaurs nor opportunity to pursue it in a detailed and experimental way.

CHART OF CHEMISTRY, in which the leading facts and panerules of the Science are illustrated by Diagrams and Colors, but he most simple manner. This Chart, which is adapted to the above Class Book, is nearly four feet by five in size, and contains about one thousand diagrams in sixteen different colors. That it may be brought within the reach of every school, it is sold at the low price of Five Dollars, being the chancest, considering its cost, that is published in the United States.

Among the americus recommendations from distinguished Chemists and Educators, the following few extracts CLASS BOOK OF CHEMISTRY, in which the prin-

From James R. Chilton, M. D.

"I am much pleased to say that Mr. Youman's Chart is a most valuable means of readily imparting a correct knowledge of chemical combinations."

From B. L. Silliams, L. L. D.

"I have examined Mr. Youman's new Chemical Chart. The design appears to be an excellent one. It convers to learners the idea of chemical combinations by connecting the elements by right lines with the compounds which they produce."

the elements by right lines with the composition produce.

"Mr. Youman's Chart is well adapted to communicate to heginners a knowledge of the combinations of chemical substance.

"It deserves to be introduced into the schools."

From Hon. Horace Mann.

"I have been highly delighted by inspecting, and think Mr. Youman entitled to great credit for the preparation of his Chart."

From Joseph McKeen, Sup. Common Schools. N. Y. City.

"I know of as other Chart like this; and as by its means."

I know of as other Chart like this; and as by its means chemistry may now be taught with the same facility as Geography or Astronemy, I would carnestly commend it to the attention of school committees, teachers and learners." DICKENS'S HOUSEHOLD WORDS,
